

# How KISA Relies on Cybellum's SBOM Management to Secure Infrastructure

## *About us*

### **CYBELLUM IS WHERE TEAMS DO PRODUCT SECURITY.**

Top Automotive manufacturers such as Jaguar Land Rover, Nissan, Audi, and Faurecia use Cybellum's Product Security Platform and services to manage cybersecurity risk and compliance across business units and lifecycle stages. From Asset & SBOM Management to Assurance & Vulnerability Management, CSMS Management, and WP. 29 Compliance Validation, teams ensure their connected products are fundamentally secure and compliant – and stay that way.
